**MSD Notice of Construction Completion  
ASTER PLACE SEWER REPLACEMENT  
In the City of Cincinnati, Hamilton County, Ohio**

Cincinnati, November 6th, 2006. Managed by the Metropolitan Sewer District of Greater Cincinnati (MSD), construction for the Aster Place Sewer Replacement project was completed the week of October 23<sup>rd</sup> by T.T. Maintenance and Contracting Company.

The purpose of the project was to replace approximately 165 ft of badly deteriorated combined sewer with an equal length of new 8" gravity sewer and appurtenances and the re-connection of existing service laterals. The construction cost of the project was \$57,800.

This project is part of MSD's ongoing Capital Improvement Program (CIP), which is focused on continually updating and improving the operation of MSD's wastewater collection and treatment systems.

Every day, the Metropolitan Sewer District of Greater Cincinnati (MSD) manages the effective collection and treatment of more than 200 million gallons of wastewater and actively maintains 3,000 miles of sanitary and combined sewers that run through the 49 municipalities and townships of Hamilton County. Owned by Hamilton County and operated by the City of Cincinnati, MSD is committed to continually maintaining and improving its wastewater collection and treatment systems for the betterment of both public and environmental health.
